WILLARD'S Opera Company commenced season at the Theatre Royal yesterday evening, when you Suppe's comic opera · Boccaccio' was performed before a fairly large audience. The company is a large one (for the Far East) and well adapted for the production of such light works as that in which they sppeared last night. The principal parts in the piece, which are not by any means of a trying nature, were, generally speaking, satisfactorily filled, and the chorus was better than we are of 270,000 toness compared with the figures accustomed to hear in this colony. An enquiry is to be held at the Harbour Master's Office this morning into the conduct of the pilot who was on board at the time she went ashore.

THE Hyogo Neics says :-- Mr Miyagawa at Hongkong reports that 452,331 tons of coal were imported there last year, an increase for 1889. Of this amount 403:118 tons were from Japan. The demand for the coming year will probably be for about 1 370.000, as there was 80,000 tons in stock at the beginning of the year. THE POLICE DEPARTMENT The Hon. W. M. Deane, C.M.G., Captain

Superintendent of Police, left for home to-day by the e.s. Empress of India on intendent, takes command. As we stated arfew days ago, Mr Deane has virtually retired from the service. His leaving the force may lead to many changes in the department; but we trust the very dubious one proposed by the Special Estimates Committee of the Legislative Council-that of appointing the Assistant Harbour Master to be Superintendent of the Water Policewill not to considered until a new Captain Superintendent, a permanent Governor and a permanent Colonial Secretary are at their posts. At any rate we presume nothing will be done until the return to the Colony of the head of the Harbour Department in the Assistant Harbour Master is now performing in addition to his own. We wrote about this matter the other day, and the more we look into it, the more are we convinced that the Special Committee were led away by names and were not informed of the actual condition of affaire. The committee recommended that the salary of the Assistant Harbour Master should be increased from \$2,600 to \$3,00). . or, as an alternative, that he should be appointed Superintendent of the Water Police with \$3,000 pay and free quarters at Kowloon. The Secretary of State approves "of the alternative scheme, adding, he had gathered from a previous despatch that it was considered the Assistant Harbour Master could perform the duties of Superintendent of Water Police in addition to his own; and he requested to be informed whether this arrangement would involve any saving on the Police Establishment. the standing generally appointed to the post of Assistant Harbour Master the ing work in order to obtain a pretext for which is virtually a sinecure. THE OPPOSITION TO THE SUNDAY ORDINANCE. To the Editor of the 'CHINA MAIL.'

The case was adjourned till to-morrow.

Hongkong, June 30. Sir. -- I crave your indulgence for a space to examine briefly the latest phase of the Sunday Labour question, as shown in your issue of last night.

Putting aside the rights and the wrongs of the matter, though I take it there are few who will see any wrong in Governor Des Vœux's action, spite of his apparent inconsistency, the parties concerned have made up their minds that Sunday's rest is necessary for their bodies and their minds and they mean to have it. It is only matter of time as to the form the concession will take. They are quite content to rely on the abstract justice and sense of fairness of the British people.

Now wherefore the local opposition / 1st from Mr Whitehead. Why, newspaper readers should have no difficulty in finding. 2nd from Mr Ryrio, ostensibly in the interest of the Canton & Macao Steamboat Company. Latly, from Mr Mackintosh, nominally representing the Chamber of Commerce, but accually the Blue-funnel interests i.e. his own Company's. However from what I have heard of Mr Alfred

hardly-carned Sunday's rest. Most of us in this Colony know how the upper crust have been in the habit of shaping the ways of Government to their own and -not by backstairs influence; the influence usually went in by the front entrance, -but it is to be hoped these days he thought, let native discontent should to be more than usually polite. It leads us are past and gone. If it can be shown that it is a wrong thing to give seamen one day's der. rest in seven in a climate like this and that the fact of putting every European nation on the same footing is unjust, then cancel

Now this is what the opponents of the Sunday Labour Bill have got to do, if they wish to capsize the measure. It is no use their crying out at Governor Des Vooux or Tregnago fer Verona, and great alarm any other Governor, no matter how inconsistent they can be proved; neither is it any good ennoying the community over hair splitting legal points. They have to convince the British people, and it seems to me they have their work out out for them, unless British traditions have been blown to the winds. - Yours. BELL THE CAT

[We did not like the way he Sunday Bill was passed, but consider it a very good measure. The attempt to stop the coming into force of the Bill, because the subject was not fully debated in Council, is a pure quirk. The whole question has been thoroughly thrashed: out, and the arguments of Messrs Mackintoni & Co. are well known. Governor Des Veenx's inconsistency is not so glaring as Messra Ryrie and Whitehead try to make out. It is one thing to prevent Chinese customs gious privileges of foreigners and another thing to furce these privileges on Chinese who do not appreciate them. — Eo. $O_i M_i$]
